# MySpace.com ≈Rainbow Trout≈

**Profile:** My family is native to the Pacific Northwest, I was born at Coursey Springs

Fish Hatchery. I lived there for one year, and grew to be 6" in that time. My trophy size would be 22".

**About Me:** I have a bright pink stripe on my side, and black spots on my back.

**Likes**: Cold water (50-65 degrees), lots of oxygen, shallow rapids.

**Dislikes**: Warm water (lack of shade), sediment, algae blooms that take away oxygen, low pH in mountain streams (acid rain)

**Enemies**: Otters, water snakes, herons, ospreys, other fish, mink.

**Favorite Hangouts**: South River, North River above Bridgewater.

Favorite Foods: Small Invertebrates (snails, mayflies, stoneflies)
